Hi Ryan-

Love following you and your voice! Bout time someone took a stand to fight for our rights/obligations as American citizens.

Enough of this Obama blather, his State of the Union address made me throw up in my mouth, just as well as made me furious. We, as a nation, are being led down a very dangerous road by this man and it seems nobody is really listening/caring /recognizing what's happening...then there is YOU!

Please send me the video you mentioned at the end of your blog post. I stand for all things that support what you say and together we can "Out-Market" those bastards and get back the America we love.

Thanks Ryan for your willingness to speak up and take a stand!

You are so right! I have been saying that Obama is out-marketing the Republicans for years! Hope the Republicans can figure this out!

Hi Ryan,

Your email this morning was fantastic and I'd love to learn more about ENG. You're totally on the money when you talk about Big Government and the effects it's having. I sit on the Board of Directors for a local chapter of a major business women's organization and it's so frustrating that even though our membership consists of mainly women entrepreneurs, most of them have drunk the Obama kool-aid. Most, not all, but most think that more government regulations, government grants and Obamacare are the answers to their small business problems. It's scary...

Please send me more information on ENG. It sounds like it's something that's sorely needed around here.

Thanks,

Beth

Ryan,

Too bad some people are more concerned with offending others and not focused on the truth. This is a country of the people, by the people and for the people - NOT of the government, by the government and for the select few in the government. This administration is shredding the Constitution by their brazen acts against it on the road to Socialism. Congress needs to reassert itself and stop this NOW!

If people took a closer look at the ACA health care situation they would see that the overhaul of the system includes a change from medical professionals conducting themselves by adhering to the Hippocratic Oath to now using Dr Death - Ezekiel Emanuel's "[complete lives system](#)". This is a system that places more emphasis on saving money then lives.

So much wrong we could go on forever, however I agree with you.

Best regards,
Charles

Don't need to send you a long rant. Just know that I am ON BOARD with you.

At this point I see only only one possible course to change our country's direction. There's a slogan going around that says:
There's No Voting Our Way Out Of This One

Solution: Each individual MUST withdraw economic support from this criminal government. City state and Federal.
Some will be able to withdraw completely. Some, only a little, depending on their own family situation.

If that fails, I believe the next step will be blood in the streets, something no sane person would wish for. But look at the Ukraine this week. And Thailand, Argentina, etc. etc.

When you have a chance, you might want to check out my favorite blog: oftwominds.com/blog.html

Charles Hugh Smith has been writing about this subject for years and has the clearest, most unbiased and unpolitical writing I've ever seen. HE'S MY HERO

Keep in touch and Godspeed on your/our journey

Ryan -
I must respectfully disagree.
The President is NOT a Socialist -
he only wants to return America to a path with a large, and stable Middle Class.

Republican policies create a highly bifurcated 2 class economy - basically the Plutocrats and their Slaves.

There are two "visions" of America if you will.

One is the Reaganesque vision of laissez-faire - which leads to monopoly and plutocracy - basically a "privatized" America.

The other is a Rooseveltian vision of highly regulated Capitalism to make sure that the MAJORITY of the population shares in the spoils and gains that their labor created so that the wealth of this great nation is held in "public trust."

I am 100% in the latter camp as a Rooseveltian Liberal Democrat.
If President Obama was a Socialist, he would be advocating MUCH MUCH higher taxes on the rich.
i.e. 70% or more. (we used to tax the rich this month between 1933 and 1980 - and what happened during that period ? We had the largest Middle Class in the history of the World - where the majority shared in the gains of Capitalism together.)

I think you are a smart individual - but
I totally disagree with you on this.

Hi Ryan,

Great job! Can I have a copy of your video?

I'm very much ready to do something, getting very nervous, as I've gotten emails from other large RE investors stating that it sounds like 401k, 403b and IRA confiscation is coming from the gov soon.

I am searching for a way to get my money out of my Vanguard account without having to quit my job, but my wife and I are discussing whether I will quit, if I can't get it out, to keep my money before it's taken.

I've been watching this country get tricked into liberal policies for 20 years, like a lobster being boiled and doesn't realize the water is getting dangerously hot, we are being cooked alive. When it's realized, it's too late.

I look at my kids and wonder where we'll go to when the shit hits the fan.

Keep working hard and using your energy to bring about awareness and then change!

Hello Ryan
PLEASE DON'T POST MY NAME OR USE MY NAME: I wish to remain anonymous!

BUT I SAY RIGHT ON!!!!!!!!!!!!!! OBAMA IS A SOCIALIST. DO YOU KNOW THAT HE ALLOWED (IN HIS SO CALLED PEACE TREATIES) PUTIN TO HAVE MORE NUCLEAR WEAPONS THAN UNITED STATES? WHAT THE HELL IS THE PROBLEM OF THE PEOPLE THAT THEY CAN'T SEE THIS MAN'S ULTERIOR MOTIVES?

..... THE SCARY THOUGHT. WE HAVE MORE TIME WITH HIM IN OFFICE AND HE HAS SAID THAT HE WILL USE EXECUTIVE ORDERS TO GET HIS POLICIES IN TO GOVERNMENT IF THE CONGRESS WON'T VOTE THEM IN!

Ryan,

Can't disagree with anything you have said regarding the direction of this Country. Unfortunately most people will not take a stand. They are afraid of offending someone. Obama is a leftist and most of his supporters have no clue where he is leading them.

Send me the video link.

Thanks for taking a stand!

WOW!!!! Thank you, Ryan, for being young enough to realize what's happening to this country AND for being convicted enough to DO something about it! I still can't believe how many people, many of them friends of mine, who can not see the dangers of the direction the USA is going with Obama and the Democratic party at the helm! I am an Independent who typically votes Republican unless there's a really good Democratic candidate. (Voted for Kennedy back in the day...)

One should have been wondering in the beginning where on earth Barak Obama (Barry what's his name) came from...out of the blue he was a candidate for President! (I've always wondered who [with the purse strings] was behind him to get him where he is. He's not smart enough to have done this by himself!) I also felt that Mitt Romney would have beat him the first time around. John McCain just wasn't a good candidate. BO promised Change and oh, yes! Change we got!!!! He essentially killed my appraisal business and I've been going downhill ever since.

I am so happy to hear and see that so many people can see what's going on with BO and this country. However, it will take a very strong leader to open their eyes and lead them to a better country. There will always be the naysayers so you will need to have a very strong conviction and thick skin to thwart their words. And you sound like such a person to be able to do that. I wish you all the success in the world. I will be forwarding your message to my Christian conservative friends, most of whom, are unfortunately in their latter years as I am, and are not able to follow your bandwagon. However there is always the power of prayer and many are very good prayer warriors!!!

Behind you all the way! Praying for a 2nd Revolution to bring this beloved country of ours back to its roots!!!

What about the facts that say corporate interests are dominating all of us?

What about the view that as a country we are closer to fascism than socialism?

Thank you for having the guts to actually speak your opinion. So many of us in business are afraid of speaking up in fear of alienating some of our customers. You have given me the idea, that if I offend someone, then so be it.

Can you please send me a link to your video:

We the people who believe in the tenants our country was founded upon must call evil by its name. If we know something to be untrue, misrepresented or just plain wrong we are morally obligated, to speak out. I would only add, please encourage folks to use their votes AND their money to help elect officials who will turn this country around.
The "progressives" out give conservatives, we need to step up to the plate!
Thank-you for efforts!

Ryan,
While everyone is getting caught up in what you are saying, no one seems to realize what you are doing. To the contrary, they think they are doing it themselves.

Steve: "Thanks for this. I'm ideologically de-selecting you."

Somehow Steve missed that you had already ideologically de-selected him and others like him in bulk and were simply waiting for them to push the button and "clean up" your list for you.

Well done. Extremely well done.

You are only 1 billion percent right. They are better marketers. It all comes down to that. Period end of report. Exactly what I said 6 years ago. I sit in awe of their marketing. In awe but in horror.

What we really need is to harness every marketing superstar/social media/print/radio/tv/blogger/google+, etc,etc. that is not a full fledged Democrat and put them to work formulating campaigns for the next election.

This is what we don't have. Can you start this kind of movement?

Thank you for the amazing feedback. I'm honored and humbled. Always love hearing from you - Ryan@AgentMarketingSyndicate.com.

Quick question:

Can I get your opinion on this?
